# THE SEND ACCOUNTABILITY PROJECT

## Children & Young People's SIBT Experience Survey

**Hi there!** We want to know what your school, college, or setting is like for you. Your answers are completely **private and anonymous** (nobody will know they are yours). They will help us make things better for children and young people across your area.

If you cannot fill this out online, please complete this paper form. A parent, carer, or club helper can take a clear, flat photo of this page and email it directly to our pilot team at: **pilot-lead@thesendaccountabilityproject.org.uk**.
